## **New Web Resource Dedicated to the I-295 “Direct Connection” Construction Project [www.njdirectconnection.com](http://www.njdirectconnection.com)**

**Cross County Connection Transportation Management Association (CCCTMA)**, announces an important, new website with unique interactive resources dedicated to informing the commuting public in the southern New Jersey region about one of the largest construction projects ever undertaken in our area. **The I-295 Direct Connection Project** will effectively reconfigure the I-295/I-76/Rt.42 interchange in Bellmawr, Camden County, an intersection of highway that sees an average of 200,000 vehicles per day.

Working in close coordination with the New Jersey Department of Transportation (NJDOT), and its contractors, CCCTMA's I-295 Direct Connection project website offers: real-time traffic information, live camera feeds, detailed interactive maps, timelines and detour notices to help keep you informed during this major road project scheduled to be in effect for the next nine years. Visit [www.njdirectconnection.com](http://www.njdirectconnection.com) regularly to learn about any expected traffic impacts and project milestones as the long-term construction project moves forward so you can get where you need to go with minimal delay or inconvenience.

Additionally, the website is equipped with a free, accompanying mobile app for smart phone devices. It offers convenient access to all the key features of the main site, available in right the palm of your hand!

### **Website Features:**

- **Interactive Map of Project Area**
  - See live traffic conditions and traffic cameras at the interchange before you head out the door.
  - View map layers showing the future interchange configuration and individual project stages.
  - Active detours, traffic shifts, and overnight closures to be added as they occur
- **Active Construction page**
  - Lists any current project detours, traffic pattern shifts, and overnight closures
  - Describes the current stage(s) of construction and details on various engineering plans.
- **Timeline, Diagrams, and Static Maps**
  - View maps showing the individual project stages and the associated work for each phase.
  - Technical diagrams showing current overpass configuration, future ramp locations, and sound wall locations.
  - Timeline of the project showing each contract and how they are staged over the coming years.

continued.....

- **Email List for Project Updates**
  - Subscribe online for the project email list and stay readily informed on any upcoming detours, traffic pattern shifts, or overnight closures.
  - Email updates will be sent periodically to inform commuters of the progress of construction.
- **Free Mobile Device Application** (<http://njdirectconnection.com/APP.html>)
  - Shows interactive map of the I-295/I-76/Rt.42 interchange.
  - View live traffic conditions in the project area before you head out the door.
  - Multiple map layers show future interchange configurations and project specifics
  - Active detours will be added to App in anticipation of any closures or traffic pattern shifts.
