- Get Active**  
 Cycling is a fun and low-impact way to get your recommended daily exercise. By simply jumping on your bicycle a few times a week you can feel better, look better and live a healthier lifestyle.
- Save Money**  
 Bicycles are much less expensive than cars to buy, maintain and park – and the only fuel you need to worry about is a good breakfast.
- Help the Environment**  
 Nearly half of all trips made by car are for just one of these trips per day will be a big step towards improving the quality of the air we breathe.

**BIKING IS A GREAT WAY TO:**

Voorhees Township is home to over 29,000 residents who travel to, from, and around the town each and every day. The Township's many travel options include a bikeway network with over 13 miles of lanes, paths and routes that can be used to reach employment, shopping, and recreational destinations alike. With additional bikeways in neighboring Gibbsboro Borough – there are a total of over 20 miles of routes and trails to explore! Want to explore more? Bicycles may also be taken on-board PATCO and NJ TRANSIT buses and train, if you need to travel farther than you can ride by bicycle alone. Help make Voorhees a more bicycle-friendly town by just getting out there and pedaling!

**VOORHEES TOWNSHIP REASONS TO BICYCLE**

- 7 Wissahickon Valley Park 13 mi
- 8 Pennypack Park Trail 2.5 mi
- 9 Pine Barrens River Ramble Tour 43 mi

**BICYCLE SAFETY & ROAD RULES**

**WEAR A BICYCLE HELMET**

Make sure you wear a properly fitting helmet every time you ride. The helmet should fit squarely and snugly on your head and buckle securely under your chin. Bicyclists under 17 are required by NJ law to wear a helmet.

**HAVE THE RIGHT EQUIPMENT**

*Inspect the following before each ride:*

Per New Jersey law, your bike must be equipped with a bell or other audible device (not a siren or whistle), effective brakes, and a white front headlamp and red rear lamp if you will be riding at night. A well-maintained bicycle is an important investment in your safety.

**AVOID ACCIDENTS**

*Be Visible, Be Aware.*

**Make sure drivers can see you, and that you are aware of the surroundings.**

**BE VISIBLE! Wear bright and reflective clothing when riding your bicycle.**

**Position your bicycle where you are most visible to drivers and out of their blind spots, especially at intersections.**

**FOLLOW THE RULES OF THE ROAD**

When riding on the road, bicyclists must obey all traffic signs, lights and regulations. Ride as near to the right roadside as is safe. Ride in the same direction as traffic. Signal turns and stops using the hand signals pictured here to let other road users predict your movements.

When riding on the road, bicyclists must obey all traffic signs, lights and regulations. Ride as near to the right roadside as is safe.

Signal turns and stops using the hand signals pictured here to let other road users predict your movements.

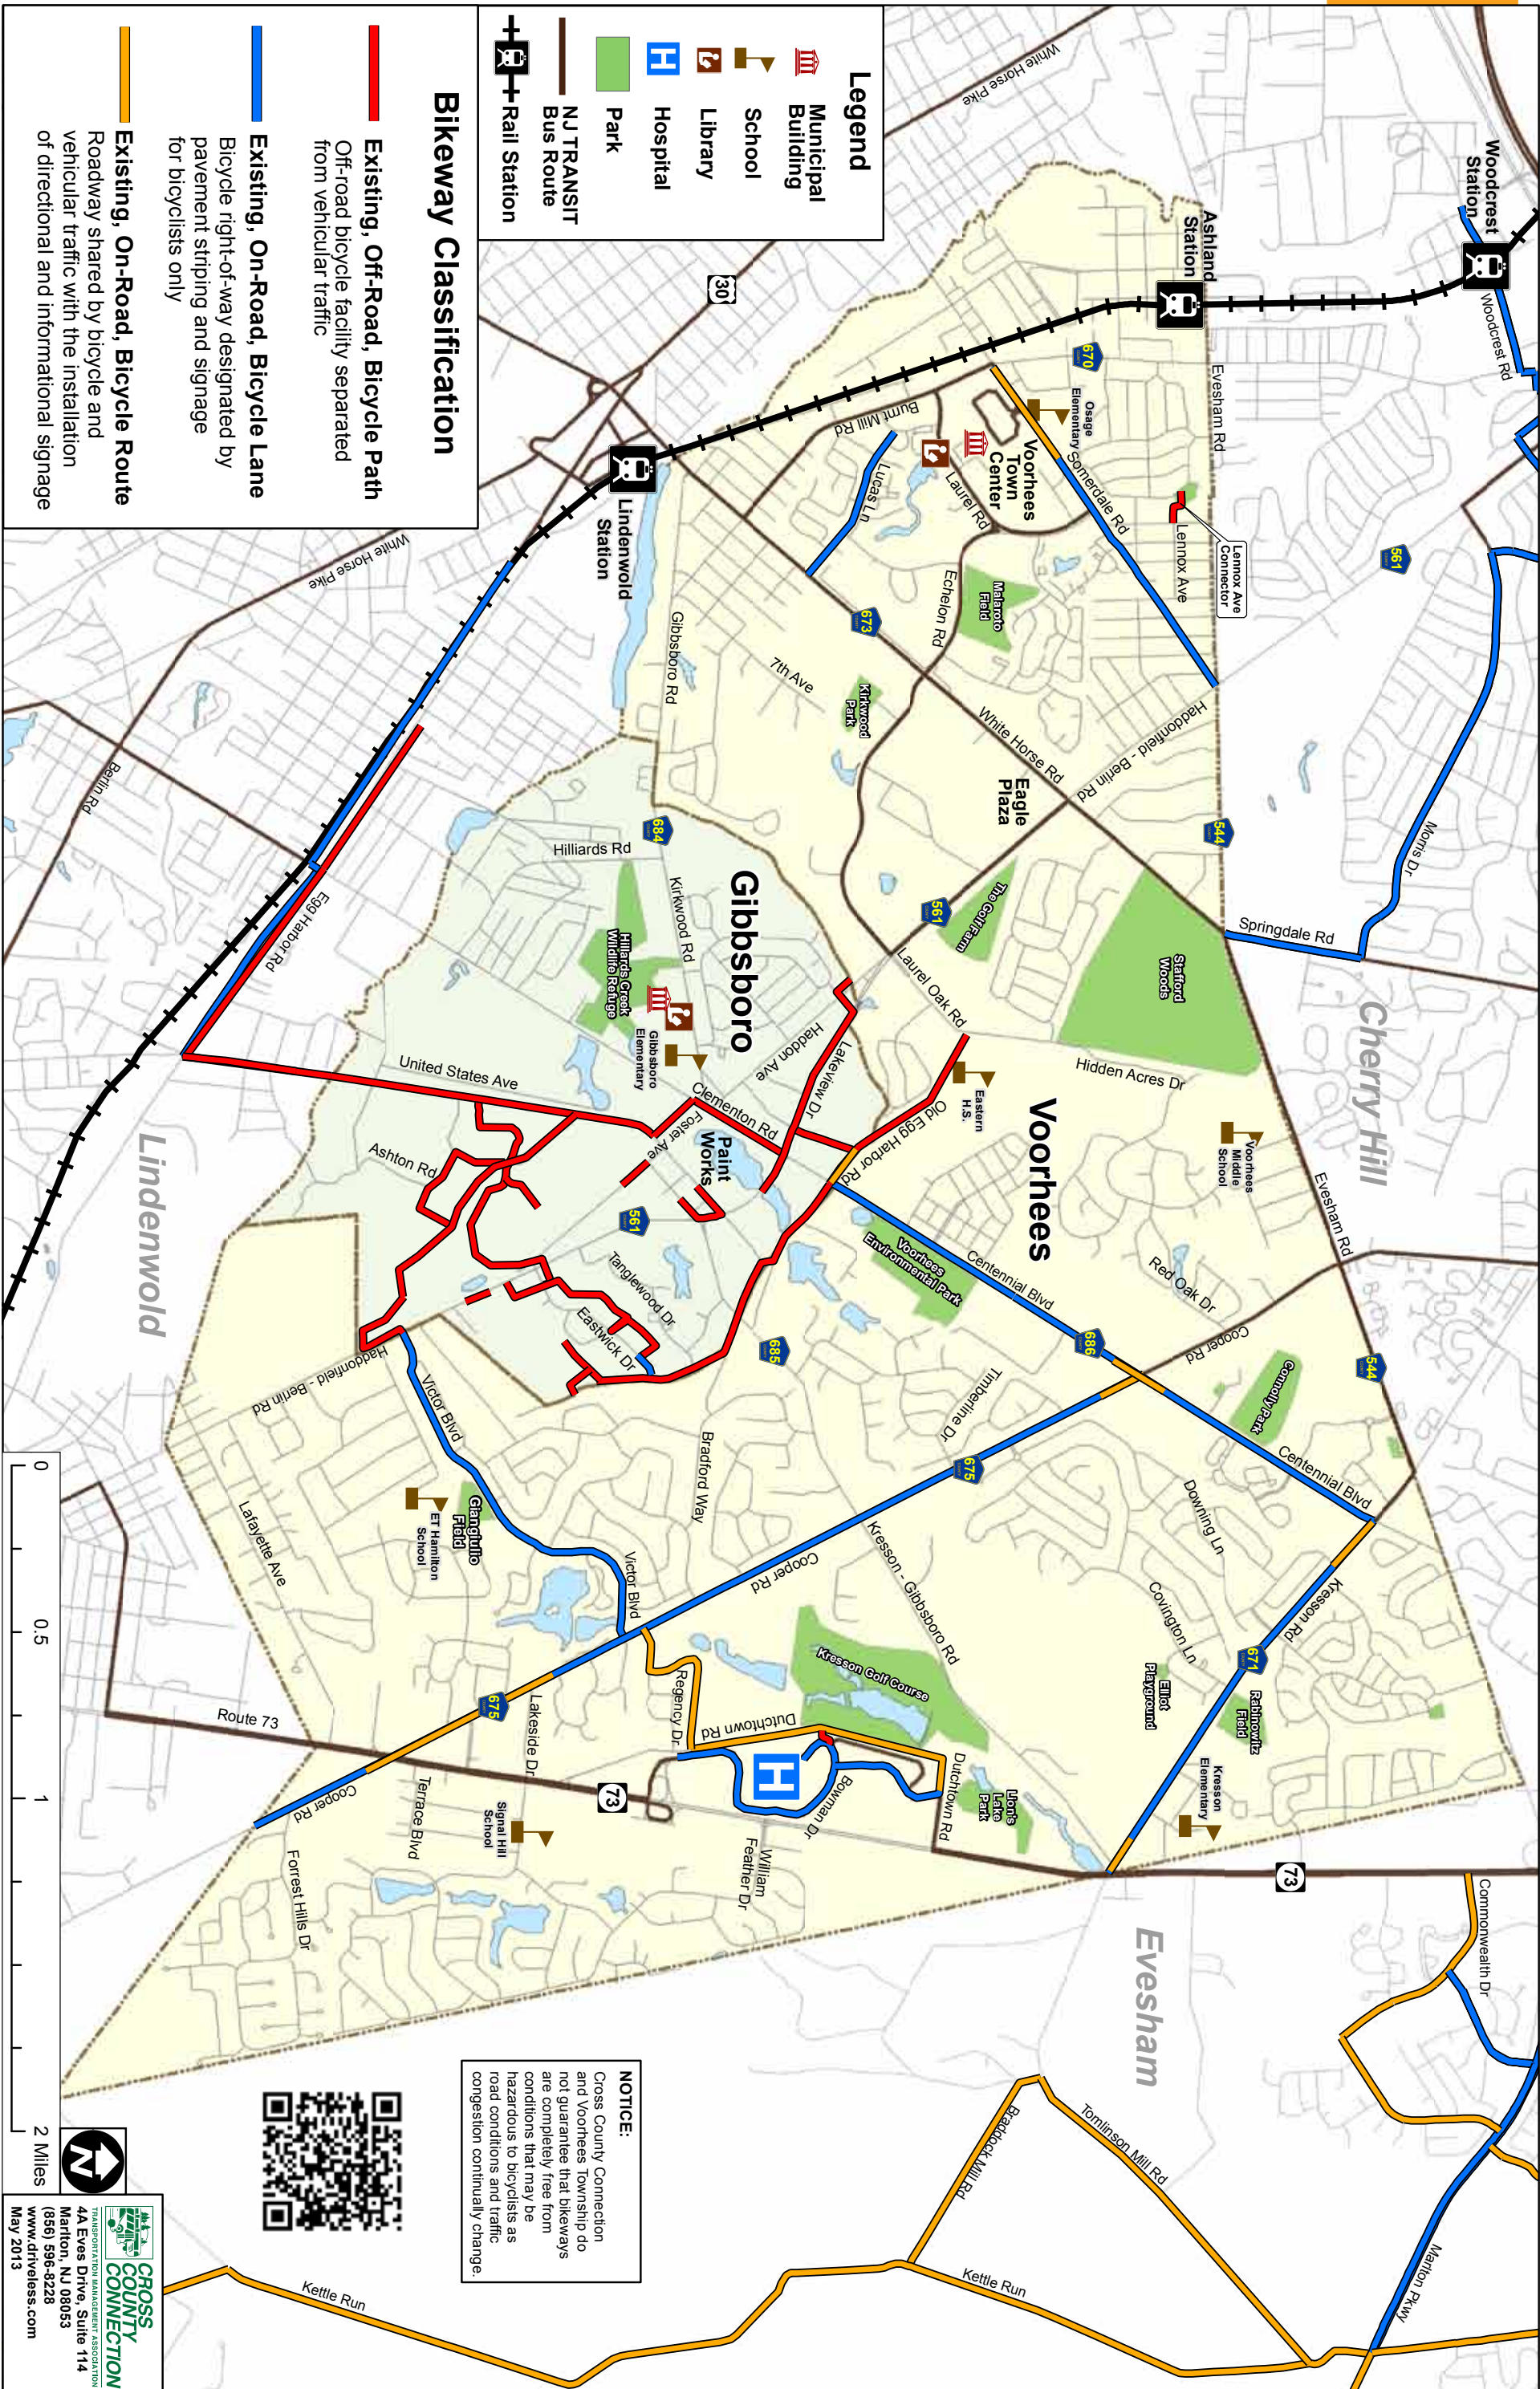

**YIELD TO PEDESTRIANS**

**Bicyclists should yield to pedestrians on bicycle paths and at all crosswalks.**

If you are approaching a pedestrian from behind, slow down, ring your bell and audibly tell them you will be passing on the left – "On your left!"

# BIKEWAY MAP OF VOORHEES

### Legend

- Municipal Building
- School
- Library
- Hospital
- Park
- NJ TRANSIT Bus Route
- Rail Station

### Bikeway Classification

- Existing, Off-Road, Bicycle Path**  
Off-road bicycle facility separated from vehicular traffic
- Existing, On-Road, Bicycle Lane**  
Bicycle right-of-way designated by pavement striping and signage for bicyclists only
- Existing, On-Road, Bicycle Route**  
Roadway shared by bicycle and vehicular traffic with the installation of directional and informational signage

**NOTICE:**  
Cross County Connection and Voorhees Township do not guarantee that bikeways are completely free from conditions that may be hazardous to bicyclists as road conditions and traffic congestion continually change.
